

FINISHED ITS WORK AND CLOSED BOOKS

THE PRESBYTERIAN GENERAL ASSEMBLY ADJOURNS.

Matters of Vital Importance to the Interests of the Church Acted On at the Closing Session—United Presbyterians at Rock Island—Endeavor Rules Changed.

Eagle Lake, Ind., May 29.—By a large majority the Presbyterian general assembly declined to take any action on the famous Princeton banquet at the sesquicentennial of last fall, at which wines were served and much sensation raised thereby. The effective arguments were that the matter was one outside the control of the authorities of Princeton university, while Princeton is not under the control of the church, and action by the assembly would therefore be of no avail.

The question came up as a supplementary recommendation to the report of the committee on temperance, which was presented at the afternoon session. Among the recommendations was one commending support of all movements for the suppression of the liquor traffic. Another named the third Sunday in November as temperance day, when the cause should be presented.

W. C. Lilly, M. D., of Pittsburg, a member of the temperance board, talked of the work being done, and then an open discussion began. Killian Van Rensselaer of New York wanted to commend all movements for the limitation of the liquor traffic and the form of work done in New York city by the Episcopal temperance movement. His amendment was opposed as offering comfort to the supporters of high license and moderate drinking, and was finally defeated on the "no compromise" argument.

An accusation that the republican and democratic parties are responsible for the condition of liquor legislation brought a hot-tempered commissioner to his feet with a command to the speaker not to say a word against the republican party.

A memorial was adopted asking that a committee of congress be appointed to make full investigation of the liquor problem, to report all facts and conditions to congress and the president. The morning session opened with a report from the special committee, to which had been referred the case of the Rev. Dr. William J. Lee of St. Louis, accused of eloping with a young woman of his congregation. The case was remanded to the synod of Missouri for a new trial, without reference to its merits.

Dr. Wilson Phraner of East Orange, N. Y., reported for the committee on benevolence and systematic beneficence, recommending that every church try to raise 5 per cent more than the average of the last six years, for the work of the board next year. The report was adopted.

The Rev. Dr. John S. MacIntosh of Philadelphia reported for the committee on the missionary magazine, The Church at Home and Abroad. On motion the report was sent to a special committee, which will report to the next assembly on the condition of the magazine, which it is alleged has had a deficit of \$60,000 in ten years.

The committee on theological seminaries reported. One recommendation was in favor of the establishment of professorships on lectureships on sociology in the theological seminaries, and after debate this was stricken out. Debate also arose over the matter of the control of theological seminaries by the assembly. There is a strong movement toward centering control of these institutions in the assembly, and they were directed by resolution to make proper changes in their charter looking toward this result as soon as it seems wise and practicable.

A resolution was adopted on the recommendation of the committee on canons providing that hereafter candidates for license must be examined on the English bible. This consequently becomes a rule of the church constitution.

At the opening of the afternoon session the Rev. Dr. W. S. P. Bryan appeared as a delegate from the Presbyterian alliance. He spoke in greeting to the assembly, and was welcomed in response by Moderator Jackson. Other committees reporting during the day, and those on bills and overtures and finance, were dismissed with work completed.

The committee of arrangements for next year's assembly was appointed, consisting of the Rev. Drs. Sol F. Dickey, William H. Roberts, William E. Moore and Little.

A fundamental question of Presbyterian law arose in the evening session over the approval of the report of the committee on synodical records. The synod of New York last November elected an elder as moderator, Gen. Ralph E. Prime of Yonkers. Protests arose in the assembly when this fact came forward in the committee report. The Rev. Dr. R. D. Young of Los Angeles moved to disapprove the action of the New Yorkers, and made a constitutional argument on his motion. Other amendments and substitutes were offered and all tabled, the report on New York finally being approved. Dr. Young stated that he reserved the right to make a protest on the action.

Race questions arose when a committee recommended that colored churches in Texas be permitted for the present to attach themselves to Presbyteries outside the synods where they naturally belong. The request was strongly opposed by speakers black and white, north and south, when it developed that it pointed toward an increasing separation in races in church affairs. Texans in the assembly argued for the granting of the permission, but their colleagues from other southern states opposed them, and the assembly answered the request in the negative.

Reports were made by the committees on education, young people's societies, mileage, entertainment, election of pastors, elders and deacons. It was voted to allow \$125 a day for the entertainment of commissioners to future assemblies. The assembly voted a rule that in the election of pastors all contributors to the congregation of full age, as well as communicants, be permitted to vote. The election of elders and deacons is to be by communicants only.

The Rev. Dr. M. D. Edwards reported for the committee on narrative. The Sunday schools show a total membership of 1,045,678—an increase in the year of 39,289. The additions to church membership by confession of faith have been 56,804, and by certificate 37,745, making the total membership now 960,795. The list of ministers who have died within the year included 123 names. A committee of fifteen was appointed to confer with home and foreign mission boards during the year and harmonize all working plans.

The roll was called, and, after the customary vote of thanks, the assembly adjourned.

AT ROCK ISLAND.

United Presbyterian Assembly Continues Its Work.

Rock Island, Ill., May 29.—The United Presbyterian assembly of North America on Friday heard a memorial from the congregation of Morrison, Ill., asking a deliverance by the assembly with regard to the order of Modern Woodmen, which was referred to the committee on bills and overtures. The United Presbyterian church at present does not recognize secret orders. The Presbytery held that a ruling elder must be a member of the congregation. Dr. J. B. McMichael, president of Monmouth college, extended an invitation to the assembly to attend the dedication of a new building at the college at the close of this meeting. The night session was devoted to memorial addresses to ministers who have died during the year.

Endeavor Union Rules Changed.

Indianapolis, Ind., May 29.—At the meeting of the Christian Endeavor Union of the Friends' church the constitution was so changed that there will hereafter be five members of the advisory board, three to be elected and the other two to be the junior and senior superintendents. Kokomo and the first week in June, 1898, were selected as the place and time of the next meeting of the union. Officers were elected as follows: Superintendent, Howard Brown of Indianapolis; assistant superintendent, Louis F. Griest, Indianapolis; secretary, Olma Hadley, Friendswood; treasurer, Dallas Cargo, Carmel; junior superintendent, Mary Cox, Colomo.

Elect Officers and Adjourn.

Dayton, O., May 29.—The Women's Home and Foreign Missionary society of the general synod of the evangelical Lutheran church closed its sessions here and elected the following officers: President, Mrs. A. G. Bond, Salina, Kas.; first vice-president, Mrs. J. F. Hartman, Altoona, Pa.; second vice-president, Mrs. S. S. Waltz, Louisville, Ky.; recording secretary, Mrs. C. E. Wirich, Carthage, Ill.; corresponding secretary, Mrs. Mary A. Morris, Baltimore, Md.; treasurer, Mrs. A. V. Hamma, Baltimore, Md.; historian, Miss Emma E. Shaw, Baltimore, Md.

Appeal for Assembly's Home.

Charlotte, N. C., May 29.—Dr. Sanders, chancellor of the assembly's home at Fredericksburg, addressed the southern Presbyterian assembly in behalf of that institution. The standing committee's report is unfavorable to the continuance of the school in connection with the orphanage and Drs. Hoge and Sanders are pleading for the school. The report is pending.

SULTAN OBJECTS TO ANGELL

The Sultan of Turkey Makes a Formal Protest.

New York, May 29.—The Turkish government has made formal objection to receiving Dr. Frank B. Angell of Michigan as minister from the United States, according to a Washington dispatch to the Sun.

The ground of the objection cannot be definitely obtained, but it is said the porte does not want as the diplomatic representative of this country a man who is in close touch and sympathy with the Christian missionary element in the sultan's domain and strongly disapproves of the action of the porte in the Armenian massacres.

As an intimation of this character is final Dr. Angell cannot go to Constantinople in his diplomatic capacity.

Illinois Bankers to Meet.

Springfield, Ill., May 29.—The executive council of the Illinois State Bankers' Association decided to hold the annual meeting of the association at Peoria Oct. 20 and 21.

TILLMAN AND SUGAR DON'T MAKE A PAIR

SAYS SHARP THINGS ABOUT SUGAR SYNDICATE.

Sensational Speech Delivered by the South Carolina Statesman—Sweeping Denial of Wrong-doing Made by Senator Aldrich, of Rhode Island—Capitol Gossip.

Washington, May 29.—After a long period of silence, Senator Tillman (S. C.) started the senate Friday by a speech no less dramatic in its delivery than sensational in its allegations. He preceded it by presenting a resolution for the appointment of a special committee of five senators to investigate charges of speculation by senators while the tariff bill was before the finance committee. In advocating the resolution Mr. Tillman threw aside the usual conventionalities of the senate, and with a plainness of speech seldom heard about the halls of congress, called on his associates to investigate the published charges of senatorial speculation, and if found true, purge the senate of those who debauched it.

Continuing, Mr. Tillman exclaimed: "Both parties are involved, and one is as deep in the mud as the other is in the mire. You know of the reports against certain members of the old finance committee, and now we have more damning accusations against the present committee."

Mr. Pettus (Ala.) interrupted to ask Mr. Tillman not to deal in generalities, but to put a mark on the senators by name.

"That is what I want an inquiry for—to mark these men," responded Mr. Tillman. "I do not want the poor man to suffer while the millionaires are turned loose."

Mr. Tillman said he would now present specifications and had read a number of signed articles in the newspapers of New York, Chicago and elsewhere, making various charges against senators, some by name. The first article began: "Smith ahead on sugar," and spoke of the New Jersey senator selling 6,000 shares of sugar stock, short, at a profit of \$3,000.

Mr. Smith was not in the chamber at the time. Another article spoke of the large profits to senators and stated that 9,000 shares of sugar stock had been handled the day before for three senators. Mr. Tillman said it was about time these specific charges should be proved.

Mr. Aldrich, Republican member of the finance committee and in charge of the tariff bill, immediately took the floor as Mr. Tillman closed. It had been charged, or inferred, he said, that the sugar trust dictated the sugar schedule.

"But I desire to say to the senate, to the senator (Tillman) and to every man in the United States, that no person connected with the sugar trust at any time or at any place influenced the framing of the sugar schedule or received information as to its character. I desire to make the statement as broad as the English language can make it."

Mr. Aldrich said that no living person outside of the members of the committee had any information as to the subject until thirty-six hours before it was reported. Then the senator from Nevada (Jones) had been shown the schedule. No human being beyond this had received the slightest information.

The Tillman resolution was referred to the committee on contingent expenses of the senate. Considerable progress was made on the tariff bill, thirteen pages being covered. Several votes were taken during the day, but the finance committee had a liberal majority in every instance. The Democratic members of the finance committee made a strong effort to reduce the rates on window glass, but their amendments to this effect were defeated. The bill will be considered today, the usual Saturday recess being abandoned.

Searles Case Not Decided.

Washington, May 29.—The trial of John E. Searles, secretary of the American Sugar Refining company, followed that of President Havemeyer before Judge Bradley in Criminal court No. 1 Friday. The indictment found against Mr. Searles was very similar to the one found against Mr. Havemeyer, except that the questions asked of Mr. Searles were somewhat different. At 11:40 o'clock the government rested its case and the defense moved that the jury be instructed to bring in a verdict of acquittal on three grounds. The court adjourned till Tuesday, without a decision being rendered.

To Reduce Raising Expenses.

Indianapolis, Ind., May 29.—The boards of control for nine of the state's benevolent and reformatory institutions met the governor by invitation Friday, and at his suggestion decided to reduce the cost of administration. It is estimated that the total reductions will amount to about \$40,000 a year.

No Welcome for Kaiser.

Paris, May 29.—A number of people who have been interviewed by representatives of the Gaulois on the subject of Emperor William of Germany visiting Paris during the exhibition of 1900, agree that his majesty's visit is inadmissible as long as the question of Alsace-Lorraine exists.

ARMY WORM APPEARS IN FIELDS AT LODI

THE PEST HAS CAUSED ALARM AMONG FARMERS.

It Did Not Appear Until Very Late Last Year, and There Is Fear That the Visitation Was Merely a Foretaste of What This Year Will Bring.

Milwaukee, May 29.—The possibility of a general invasion of Wisconsin grain fields by that greatest and most destructive of all modern pests, the army worm, already confronts farmers in some portions of the state, and if reports just received are reliable, the dread destroyer of all vegetation is making its appearance this year much earlier than the advance guard of the army was noticed a year ago when it appeared in the state.

In a letter received by Owen Bros., grain dealers, one of their correspondents writes from Lodi, Wis., which is in a great wheat, oats and rye section, as follows relative to the alleged discovery of the army worm:

"You asked in regard to the winter wheat crop. There is no winter wheat here this year. The farmers are becoming greatly worried about their oat crop, where the army worm worked last year. They say they have seen the worms crawling on the fences this year, and farmers are afraid they are going to be on hand early and in increased numbers. Last year they did not see them until oats began to get ripe."

If the worm discovered near Lodi is, as feared, the genuine army worm, serious results may be expected. The peculiarity of this most destructive of pests is that it moves in large armies and clears everything before it. Last summer when the worm appeared in a cornfield or a field of smaller grain in the morning there was nothing of the crop left by night, and all the efforts of farmers to head off or destroy the army worm proved practically fruitless.

STATE LEGISLATURE QUILTS

Governor Pingree Makes a Futile Appeal for Railroad Laws.

Lansing, Mich., May 29.—Confusion reigned in the Michigan legislature Friday and as usual upon the final day of the session business was subordinated to the hustle attendant upon the breaking-up process. At the evening session Governor Pingree sent a message to both houses informing the legislators that he believed the Merriman specific tax bill, which increased railroad taxes, to be unconstitutional and making a final appeal to have the session continue long enough to correct the defects in the bill or else to provide for the local taxation of railroad property. Both houses ordered the governor's message printed in the legislative journal and adjourned sine die shortly before midnight.

TO SLAY HELPLESS CUBANS

Secret Order Said to Have Been Issued to Spanish Commanders.

Havana, May 29.—Secret orders, it is said, are given again to Spanish commanders to kill all insurgents who surrender. This order was issued because Col. Monte de Oca, who surrendered some time ago, left for the field again, having organized a large party of men who joined the insurgents.

The forces under the insurgent, Brig. Jose Meguil Gomez, had a fierce encounter at La Reforma, Santa Clara province, with the forces under the command of Gen. Weyler. Gomez attacked the Spaniards three times, had a very narrow escape, his horse being wounded. The Spanish lost sixty-five killed and many injured.

Insurgents between Nuevitas and Puerto Principe placed a dynamite bomb on the railroad track. It exploded when the train passed, killing ten soldiers and wounding thirty-three and burning considerable merchandise.

Students and Soldiers Fight.

Columbia, S. C., May 29.—While two companies of local militia were standing their annual inspection on the athletic grounds of the South Carolina college here Friday afternoon a foul ball struck by a student engaged in a game of baseball struck the horse of Maj. B. B. Evans, an officer on Adjutant-General's staff, in the course of which a policeman was knocked senseless and a student named McColl had his head crushed, from the effects of which he may die.

Robbers Enter an Iowa Bank.

Carlisle, Iowa, May 29.—An attempt was made to rob the bank of Carlisle early Friday morning. Burglars forced an entrance and blew open the safe. They secured nothing, however. They first broke into the telegraph office and stole the operator's key so that he could not send any messages. Then they located a blacksmithshop and secured tools with which to break into the bank. The bank is owned by McMurtree brothers of this place and Des Moines.

BANKER SHOVE FINED \$2,000.

Tries to Cut His Throat When Sentence is Pronounced.

Oshkosh, May 29.—Banker T. C. Shove of Manitowish, who was found guilty of receiving deposits when his bank was insolvent in 1895, was fined \$2,000 and costs by Judge Burnell this morning.

When sentence was pronounced Shove drew a knife and attempted suicide, but was prevented. His friends will probably pay his fine.

Since his conviction Mr. Shove has resided in Minneapolis. He is in poor health and feeble, being 74 years of age. He is said to be in poor circumstances financially.

Indianapolis, Ind., May 29.—John F. Johnson, late president and cashier of the State National Bank of Logansport, was sentenced to ten years' imprisonment in the Ohio penitentiary on Friday by Judge Baker of the United States court for the district of Indiana.

Johnson read a written statement to the court after he had pleaded guilty to forgery and embezzlement. He declared that the money, not consumed in carrying the burdens, resulting from the assumption of the liabilities of his father's estate, was lost in speculating in the grain business in Chicago, Detroit and Toledo. "Of course, it was not my intention to wreck the bank," said he. "On the contrary, my hope was to save myself and my creditors."

Bank Examiner Caldwell, who made an explanatory statement, said the forged paper in the bank amounted to about \$400,000. The prisoner received his sentence without a tremor. His wife, who was in the court-room, accompanied by their little son, broke down.

WHO GAVE M. PLEVA POISON?

Kenosha Police Suspect His Wife But She Says Suicide.

Kenosha, May 29.—Michael Pleva, who was found dead yesterday afternoon at his home, was murdered, according to the police theory. The post mortem disclosed arsenic in his stomach. Suspicion points to his wife but she claims he committed suicide. Arrests will be made tonight.

TRADE REVIEW IS HOPEFUL

Excellent Condition of Business Reported—Comparisons Very Favorable.

New York, May 29.—R. G. Dun & Co.'s Weekly Review of Trade says: "People are actually doing more business than they realize. They reckon by values, but these are much lower than in any previous year of prosperity and leave little margin for profits. In quantity there is almost as much business being done as the years of greatest prosperity, and though the increase in population would call for a material expansion, the comparison is not discouraging. The recovery is slow, hesitating and gradual, but more has been done on the whole in May than in April, while returns of April showed the volume of business only 10 per cent smaller than that of the best year heretofore. Yet hesitation is doing its work every week and multitudes are waiting because of possibilities at Washington who ought to be filling the demand for labor and the products of labor."

"Manufacturers have especial causes of delay owing to the possible competition with foreign goods largely imported, but there has been no setback in prices, although cotton goods are dull and without large demand, and print cloths are at the bottom price. The woolen mills are producing more than they have done for years, and wool sales in four weeks of May were 28,805,600 pounds, against 20,159,350 pounds in the corresponding weeks of 1892. The iron manufacture gains in spite of the closing of some furnaces. Pig iron shows no change in price."

"Failures for the week have been 214 in the United States, the smallest in any week since September, 1895, against 239 last year, and 22 in Canada, against 20 last year."

Trainmen Elect New Officers.

Toronto, May 29.—The International Brotherhood of Railway Trainmen elected the following officers: Grand master—P. H. Morrissey, Peoria, Ill. First vice grand master—W. C. Lee, Kansas City, Mo. Second vice grand master—T. R. Dodge, Chicago. Third vice grand master—Val Fitzpatrick, Columbus, Ohio. Grand secretary—A. E. King, Birmingham, N. Y. Editor and manager Trainmen's Journal—D. L. Cease, Peoria, Ill.

Legislative Sanction Is Granted.

Springfield, Ill., May 29.—The house drainage committee adopted a resolution empowering the Illinois and Michigan Canal commissioners to accept such changes in the location and construction of the canal through Joliet as may be necessary to accommodate the works of the sanitary district of Chicago and to transfer to the latter any desired lines that are no longer needed for state purposes.

Hiding in His Palace.

London, May 29.—King George of Greece is practically barricaded in the palace at Athens. He is reported to be preparing to take flight to evade the fury of the populace. The foreign ministers in Athens report the position of the royal family as extremely critical.

BADGER BOYS MEET SONS OF OLD ELI

THRONGS GATHER EARLY TO CHEER CREWS.

Day Opens Beautifully, with Lake Saltonstall Smooth and Placid—Changes Made in the Yale Shell, Trainer Cook Finding the Stroke Seat Out of Order.

New Haven, Conn., May 28.—The inter-collegiate boat race between Wisconsin university and the varsity and freshman crews of Yale was rowed this afternoon.

Throngs watched the race. The day was beautiful and Lake Saltonstall showed hardly a ripple as the morning. Rowing men were not wholly reassured by this placid appearance, however as the lake is very subject to squalls.

The shells were brought out about 8 o'clock—all three being new. Important changes were made in rigging the Yale shell, Trainer Cook having found the stroke seat ver, much out of order in the final practice yesterday.

Trainer O'Dea reported the Wisconsin shell to be in first class order.

The crews weighed in as follows:

Yale—Langford, stroke, 174 pounds; Griswold, 7, 176 pounds; Allen, 6, 184 pounds; Bailey, capt. and 5, 18 pounds; Mills, 6, 170 pounds; Campbell, 3, 171 pounds; Whitney, 2, 172 pounds; Rogers, bow, 164 pounds; Louis Green, coxswain, 110 pounds.

Wisconsin—Seymour, stroke, 151 pounds; Anderson, 7, 171 pounds; Austin, captain, 6, 156 pounds; Lake, 5, 187 pounds; Olson, 4, 145 pounds; Sutherland, 3, 164 pounds; Chamberlain, 2, 168 pounds; Alexander, bow, 142 pounds; Crandall, coxswain 107 pounds.

Beloit, Wis., May 29.—[Special]—The great Madison-Beloit base ball game is on today, and hundreds of visitors, with a band, accompanied the University team, and assisted by scores from Janesville, Rockford and intermediate towns, made the day a veritable holiday. The city was early decorated with flags and bunting, and the colors of the respective colleges—cardinal and yellow—and presented a very pretty sight. The game today means much to the Beloit team; for if they are victorious, they win the northwestern college championship; but should they suffer defeat, they will have to play a game with the Chicago University to decide the championship.

Fear an Indian Massacre.

Araba, Wyo., May 29.—Much excitement prevails throughout northern Wyoming and southern Montana. The Cheyenne Indians on Tongue river are causing alarm and an uprising is feared. A sheep herder was murdered a few days ago and the sheriff demanded that the Indians surrender the murderer, but they refused. Women and children of Tongue river settlement are leaving for Sheridan and a number of families have congregated at what is known as the O. W. ranch for protection.

Equal Suffragists Elect President.

Waukegan Ill., May 29.—At Friday's session of the state equal suffrage association Mrs. Julia Mills Dunn, Moline, was elected president. In the evening the convention closed, with addresses by the Rev. Olympia Brown of Racine, President Julia Mills Dunn and ex-Senator Reuben W. Coon of this city.

Strawberries Nipped by Frost.

Laporte, Ind., May 29.—Fruit growers in this section say the frosts which fell this week ruined one-half the strawberry crop in northern Indiana. A phenomenal yield was promised, and there is fear of a still further loss.

HEAD SPLIT BY A CAR WHEEL.

George E. King Has a Startling Experience While in Chicago.

George E. King, who has been in Chicago during the last two days was an eye witness of an accident that will linger in his mind for some time. While boarding a Wabash avenue car he stood within a few feet of a young man who jumped for the moving car but missed his footing and fell under the car. One wheel passed over his head. He was cut in a terrible manner and died almost instantly.

TRUE AND STRONG.

After the dark and gloomy days
My heart has lighter grown,
The love that thou didst bring to me
Is the dearest thing I own.
Since thy dear hands were clasped in mine
This seems a different life,
Only one dark cloud falls over us
I never can call thee wife.

Such love as ours can never die,
Though on earth we may not meet,
It's dear memory weaves a magic spell
Filling our hearts with joys complete.
There has entered both our souls today,
A heaven we've waited for so long,
We'll never close love's gates again,
We'll both be true and strong.

TRUNK LINE PUT UP AT BREAK-NECK RATE

TWENTY WIRES DRAWN ALONG
AT A TROT.

Dynamite Blows Holes in the Ground and Saves Diggers Much Bother—Air-Line Being Built From Chicago to St. Paul on an Expensive Scale.

The twenty wire telephone line from Chicago to St. Paul went through Rock county with a rush. It seemed as if it had been ploied together and joined to the poles somewhere back in the woods. When the big horses were hooked to the pilot cable the completed line followed so close at their heels that it seemed to be running off some great reel.

But the process was not as simple as it appeared.

It represented a triumph of organization.

Nearly 125 men and 35 teams were necessary to make such progress possible. Poles and material were distributed in advance of the gang's arrival and baggage wagons went along the line with the satchels of workmen, distributing them at farm houses.

The poles were set by a large gang that kept a day ahead of the rest of the party.

Wired In Quick Order.

Then came the wiring.

To a cable, run along over the cross arms, was attached a bunch of ten wires, and a team of horses took the wires off ten reels and up to the top of the poles at a sharp trot. The horses made no halt until they had drawn out the full contents of the ten reels—about eighty rods apiece. Then the bunch of ten wires was made fast and left for the splicing gang while another eighty rod length was run out ahead. Gangs followed behind—as numerous as the poles would bear—attaching wires to insulators and putting the line in working order.

A few moments observation along the line shows that no cheap work has been done. The wire used is No. 12 copper, the size used for long distance telephone trunk lines.

Ten Full Circuits.

Two cross arms of ten wires each are strung with wire, making the poles carry twenty wires, or ten metallic circuits. It requires a car load of poles and three ton of wire to each mile. The right of way is secured if possible from every land owner along the line and money paid for the same, besides permission is obtained from each town board for constructing the line through the towns. The men employed are experienced pole and line men and about three miles of the line is completed each day.

Holes Dug with Dynamite.

A ton of dynamite has been lying at the depot in Edgerton several days this week, that the company are using in blowing out the holes for the poles in a novel manner. About three feet of earth is removed when a stick of dynamite is placed in the excavation and exploded, and the work of clearing out the bottom of the hole is an easy matter. This is a simple manner of digging post holes that the farmers along the line are making note of.

Who Builds the Line?

A good deal of speculation has been indulged in as to who were the parties back of the American Telegraph and Telephone company. Some reports have claimed it was the Postal Telegraph company, the opposition to the Western Union Telegraph company. Others have said that it was an independent company in opposition to the American Bell Telephone company, who have the monopoly of long distance telephoning.

Same Old Concern, Some Say.

There is good authority in the report that the American Telegraph and Telephone Co. is only another name for the original American Bell Telephone Co., and the design of the company in constructing this extension from Chicago to St. Paul is to give the northwest as good service as is now enjoyed from Chicago eastward. It is expected that the lines of the Wisconsin Telephone Co., will be connected with the new line for long distance purposes when it is completed.

The Rock County Route.

The route selected is through Walworth county from the state line into Rock county, passing through Johnston and Milton, crossing Rock river at Newville and thence along the old territorial wagon road through Albion to Utica and thence on to Madison and from thence the shortest cross country route to St. Paul. Some ten or fifteen car loads of wire, poles and other material have been unloaded at Edgerton and hauled along the line.

Notice to Committee.

The gentlemen who are to assist in conducting the procession on Memorial day are requested to meet at the office of the chief marshal this (Saturday) evening at 8 o'clock sharp in order to complete arrangements. It is hoped every man will be present.

J. B. WHITING, chief.

The true art of advertising is in procuring customers. Because an advertisement is read—because it excites curiosity or causes amusement—is no proof that it is profitable to the advertiser. Good advertising is the kind that makes its influence felt upon the advertiser's pocket-book. The more it makes itself felt in this respect the better it is.

THE OVERFLOW OF LOCAL NEWS.

THEIR CITY IS "NEW ATHENS."

Pupils of the School For The Blind Make a Practical Experiment.

The State School for Blind has been under municipal government for the past few months, and many of the young people are learning in a practical way the duties of good citizenship. The municipality was established in the winter, and officers appointed to preside until the spring election, when party lines were drawn and after a lively contest at the polls the democrats duly installed a full quota of efficient officers.

The city was christened "New Athens," and divided into six wards, with an alderman for each ward.

The mayor, Tarrance Knight, a bright young man of good ability, presides over his council every Wednesday evening. The municipal judge and the city marshal with his police force are kept busy in enforcing the numerous laws and the street commissioner spends most of his spare time in reminding wheelmen of the sidewalk ordinance.

The trials at "New Athens" are all by jury and the court room is usually filled with an interested audience. A young man was recently arrested for resisting an officer. His bail was fixed at \$15 and after securing a satisfactory bond the date of his trial was named. A jury of six drawn from a list of twenty four names sat on the case and the first question for consideration was a change of venue demanded by the accused on account of prejudice.

Another judge was appointed and the trial proceeded without adjournment. The guilt of the prisoner was conclusively established by half a dozen witnesses who were sharply cross examined by the prisoner, he acting as his own counsel. The city attorney summed up the case in a strong argument and the jury after due deliberation brought in a verdict of guilty. The sentence after mature deliberation was "Four hours of solitary confinement," which was duly administered.

The city of New Athens is a peaceable city and is perhaps the only municipality in the state that supports a prohibitory law. The citizens believe in law and order.

THE basis for all advertising is the store and its stock. No salesman tries to sell something that he has not got. He knows that even if he exaggerates the value of his goods he must do it carefully and within due bounds. He may claim that the neckwear he offers at \$4.50 a dozen is the best at the price, but he would never think of saying that it was equal in value to goods sold at twice that figure.—Chicago Apparel Gazette.

BEDRIDDEN.

FIFTEEN YEARS OF SUFFERING.

The Doctors Wanted Seven Hundred Dollars to Attempt the Case.

The following is a letter we received a short time ago from Mrs. M. C. Hinkley, 602 North Mississippi St., Indianapolis, Ind.

Gentlemen:—While suffering intensely from piles, I became interested in your advertisement in one of our daily papers and procured a package of your Pyramid Pile Cure from our druggist. Contrary to my expectations I feel as though I can't praise the Pyramid Pile Cure enough. I used two boxes of the Pile Cure and one of the Pills and am convinced that they are the only cure for piles on the market. I have been a sufferer from piles for fifteen years and have been confined to my bed about one-half of the time, expecting and wishing for death for the pain was so great. I went to the college here and the doctors said my case was a new one to them, the great pain having brought on a large rupture, which they wanted seven hundred dollars to cut out. I was very much afraid that death would result from the blood-poisoning which they said would result from the operation. I feel as though I can't praise the Pyramid Pile Cure enough. There is no need of the danger, pain and expense of a surgical operation for any form of piles. The Pyramid Pile Cure does the work without pain and is the safest and best. Remember also that the Pyramid Pile Cure is a certain cure for constipation, acting without griping and restoring natural action to the bowels.

The Pyramid Pile Cure is sold by druggists at 50 cents and \$1.00, and the Pyramid Pills at 25 cents, or by mail from Pyramid Co., Albion, Mich.

MUCH JOY ON SMALL MARGIN

Ball Players From School For Deaf Cr'w Over Janesville.

The Wisconsin Times the official paper printed by the pupils of the State School for the Deaf has the following to say on the recent baseball game played in this city between their team and the High school boys at which the score stood 18 to 14: "Last Saturday the Phoenix Greens went to Janesville and made up for the defeat they had received at the latter's hands a few weeks ago, by downing them to the tune of 18 to 14. The Phoenix Greens took such a liking to Roy Palmer's delivery that the scorer's eyes grew sore watching the ball go flying through the air and recording base hits. When it was all over twenty-three hits were chalked down to their credit, of which one was a home run and four others two baggers. Bonstead threw to second like the boys do when they play ante ante-over."

MUCH WORK ON THE STREETS

Commissioner Palmer Kept Busy Complying With Aldermanic Orders.

Street Commissioner Palmer has plenty of work to superintend. On Washington street the steam roller is at work on a six inch layer of broken stone, while similar improvements are soon to be made on South High and South Main streets. The stone crusher in charge of Peter Hanson has been running at full capacity at the Milwaukee quarry during the week, and has been turning out an average of eighty yards of crushed stone a day.

MUCH MONEY FOR COLLIE PUPS

Janesville Breeders Say the Business is Better Than Horse-Raising.

James Gardner and other Janesville men who have made the city known for its blooded Scotch collies in the last few years, say there is about as much money in raising dogs as in raising heavy draft horses. Twenty-two pups were sold from the Gardner kennels at good prices last year, and the demand this year is even stronger.

Johnstown Center News.

Johnstown Center, May 28.—The strawberry festival held by the Ladies Aid Society at Franklin hall was quite well attended. Mrs. Lena McGowan is visiting her sister, Mrs. John Zuill. Rev. "Our little boy, who has suffered for six years with lameness in his hip, continues to grow worse, although we have applied many kinds of liniments. The family doctor has decided that the boy has hip joint disease, and he urges us not to meddle with the case, saying it is best to allow it to take its own course. We feel very anxious about him. I wish we could find something which would effect a cure. I fear it will develop into a very serious affair." J. W. MOORE.

March 22.

"A sore has broken out on the under side of my boy's hip, and it has been giving it to him, and now he is taking Hood's Sarsaparilla. I got a bottle from the druggist a few days ago and I believe I can see that the boy is improving under the treatment." J. W. MOORE.

May 10.

"The doctor's medicine which I have been giving our boy has not proved of any avail. The child continued to grow worse and I have stopped giving it to him, and now he is taking Hood's Sarsaparilla. I got a bottle from the druggist a few days ago and I believe I can see that the boy is improving under the treatment." J. W. MOORE.

Oct. 5.

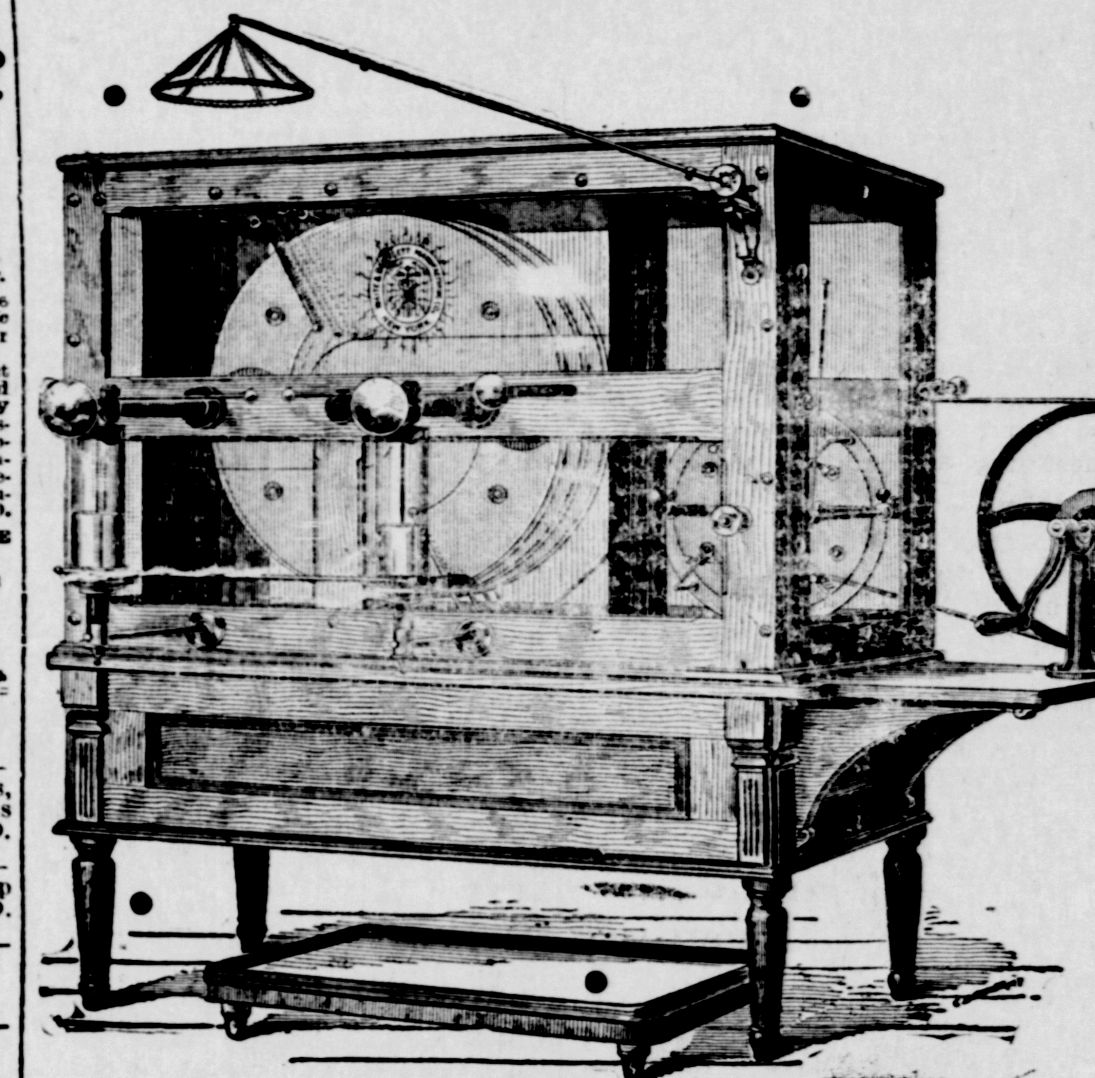

"How glad I am that I ever tried Hood's Sarsaparilla for my boy's hip disease. When he had finished taking the first bottle he looked fifty percent better. I continued giving him Hood's Sarsaparilla and now he is quite well. He runs and plays with the other children and we can hardly believe he is the same child, thanks to Hood's Sarsaparilla, which we have proved to be indeed the One True Blood Purifier." J. W. MOORE.

Pages like those above are penned in the personal records of thousands of people.

In the memories of many more the success of Hood's Sarsaparilla is indelibly imprinted. The cures by Hood's Sarsaparilla are literally written in blood—in blood made pure, enriched and vitalized, cured of scrofulous taints, salt rheum, boils, pimples, spring humors—in blood which properly builds up the nerves, strengthens the stomach and gives that tonic to the system so imperatively needed in the Spring.

Hood's Sarsaparilla

One of The Electrical Machines, Used By Dr. Anna Melville, For Eradication of Disease.

Why We Use Electricity.

Because its power is certain; its results great. Because it is today the greatest agent in the medical science. Hardly a doctor now considers himself equipped for business without some sort of an electrical battery; but they are few, indeed, who are willing to invest the thousands of dollars necessary for a complete outfit and the maintenance thereof, and the knowledge of their proper use. Dr. Melville uses in her practice the very best and latest electrical apparatus—Galvanic, Faradic, Static, Sinusoidal, Electro thermal—for treatment, and the X Ray for diagnosis.

WHAT I TREAT.

Dr. Melville treats successfully diseases of the LUNGS, BLOOD, and

NERVES, DIGESTIVE TRACT, LIVER AND KIDNEYS, FEMALE WEAKNESSES, SKIN ERUPTIONS, CATARRH, RHEUMATISM, HEART DISEASE, RUPTURE, EYE AND EAR TROUBLES. I treat chronic diseases as a specialty. ROCK COUNTY AND TOBACCO.

Rock county is divided on the tobacco tariff. By far the greater number of dealers and growers believe a prohibitory duty on Sumatra leaf essential to the welfare of local leaf interests. There are others, however, who argue that Wisconsin's part in the tobacco industry has always been the raising of binders not wrappers—and that the cheapening of wrappers and the consequent increase in the sale of cigars is in Wisconsin's interest.

An eastern dealer, familiar with every branch of the business, told in a recent issue why he believed a high tariff desirable. His argument is the prevailing one in this part of the country. Anything that cheapens Sumatra tobacco will take away from Connecticut a share of the wrapper trade she now holds. Connecticut leaf being relegated to use as binders will displace an equal quantity of Wisconsin leaf. Wisconsin farmers will suffer accordingly.

Conceding the accuracy of these deductions there would remain no question as to the wisdom of a prohibitory tariff. All do not agree, however, that the conclusions are well grounded. Some of the largest leaf firms in the county take the opposite view. They believe that Wisconsin has nothing to fear from Connecticut competition in the binder market, and that the more cigar smoking is encouraged by the cheapening of wrappers the better will be the trade and the higher the prices for binders.

There is no doubt that Wisconsin would be strongly in favor of a duty of \$2.50 or \$3 a pound on Sumatra leaf, but the difference of opinion among tobacco men themselves makes it easy to see how congressmen, worked upon by many influences unfavorable to domestic leaf, should be at a loss what to determine.

A GOOD THREE MONTHS' RECORD

How impatient and unreasonable has the American voter suddenly become. President McKinley has been less than three months in office, yet persons who claim to be intelligent and even thinking men, go scolding and growling about because the new administration has not accomplished more. Can any one of those who make this complaint point out any administration in the history of the country which has accomplished as much in as brief a space of time after its inauguration?

Congress has been called together, a tariff bill framed, passed by the house, considered by the finance committee of the senate, and is now under consideration in that body; prison doors have been opened in Cuba, and American citizens released in great numbers; a commission has been dispatched to Europe to inaugurate and imitate a movement in favor of a bimetallic conference; a commissioner has been dispatched to Cuba to obtain information in order that the president may act intelligently in regard to the matters of that island; a warship has been sent to Hawaii to protect the American interests there and open the way for more important action regarding that applicant for membership in the union; and changes in the offices are being made as rapidly as consistent with the conditions under which the civil service was left by the preceding administration.

If any critic who is inclined to be fault finding with the progress of events under the new administration can point to any administration in which there was greater promptness of action, let him rise and be heard from.

Professor Ely of the university of Wisconsin, is trying to induce the state to go into the railroad and express business. He has yet to explain why he draws the line short of state control of its farming lands and cheese factories. Professor Ely's idea of advanced paternalism is hurt-

ling the state of Wisconsin by placing it in the category with populistic strongholds like Kansas and Nebraska. It is hard to see why state money should be spent in such an enterprise.

FRANCE PLEDGES HER AID

Will Support the American Bimetallic Movement.

Paris, May 29.—There were 400 delegates present Friday at the annual meeting of the National Bimetallic League. The report set forth that the leading event of the year was the election of President McKinley, which gave great satisfaction to bimetallicists. The secretary dwelt upon the necessity of bringing the movement to a definite issue before the expiration of President McKinley's term of office. The French government had done excellent work, which international negotiations would reveal.

Premier Meline dwelt at some length upon the inconvenience caused by fluctuations in exchange and the importance of solving this problem. The cooperation of other powers was necessary, but the United States had now brought the matter before Europe in a decisive way by sending commissioners whose ability and knowledge of the subject enabled them to speak with authority.

"France under these circumstances," he said in conclusion, "will support the efforts of the United States for the success of a great cause."

Illinois Board of Pardons.

Springfield, Ill., May 29.—The senate bill creating a state board of pardons was on Friday passed by the house by a vote of 91 to 24. As the measure was submitted by Governor Tanner and secured his approval before it was introduced, and as he recommended such legislation in his inaugural address, his signature is regarded as only a question of time.

Passed by Illinois House.
Springfield, Ill., May 29.—Opponents of the Allen street car bill made no attempt to prevent its passage in the house Friday, and in consequence it sailed through easily by a vote of 85 yeas to 60 nays.

GOING TO THE COAST IN A SPECIAL CAR

JANESVILLE SENDS A STRONG
Y. P. S. C. E. PARTY.

There Will Be Enough To Fill a Pullman Car, and the Itinerary Will Be So Arranged as to Give Ample Time For Viewing Points of Interest.

It is now certain that Janesville will send a special car to the Christian Endeavor meeting to be held at San Francisco next month. Frank Spoon has the names of fifteen from this city who are willing to take the trip, and it is expected that at least as many more will go when the time arrives. The car will leave the Bower City on June 29, in place of June 22.

At Omaha all the cars from Wisconsin will be consolidated and from that city the entire Wisconsin party will remain together.

The following is the schedule of the time for arrival and departure of the Wisconsin train at the various cities along the route:

Leave—Omaha, 3:30 p. m., Wednesday, June 30.
Arrive—Denver, 7:30 a. m., Thursday, July 1.
Leave—Denver, 11:30 a. m., Thursday, July 1.
Arrive—Colorado Springs, 2 p. m., Thursday, July 1.
Leave—Colorado Springs, 8 p. m., Thursday, July 1.
Arrive—Pueblo, 9 p. m., Thursday, July 1.
Leave—Pueblo, 7 p. m., Friday, July 2.
Arrive—Leadville, 2 p. m., Friday, July 2.
Leave—Leadville, 2 p. m., Friday, July 2.
Arrive—Glenwood Spring, 6 p. m., Friday, July 2.
Leave—Glenwood Spring, 9 p. m., Friday, July 2.
Arrive—Salt Lake City, 8 a. m., Saturday, July 3.
Leave—Salt Lake City, 12:01 a. m., Monday, July 5.
Arrive—San Francisco, 9 a. m., Tuesday, July 6.

The convention, which is expected to be one of the largest ever held by the society will open on July 7 and close July 12. It is thought that between 30,000 and 40,000 delegates from all parts of the United States will be present.

The Wisconsin delegation will number over 200. The Rev. J. W. Cochran has been selected to represent the Wisconsin organization officially.

The fare from Janesville to San Francisco will be \$26. Sleeping car rates will be \$7.50, including all stops. Returning the members can pass over the Central route. The return can be made on the Northern route by paying \$7.50 additional, and connection may be made on the Great Northern, Northern Pacific or Central Pacific. Arrangements have been made also by which the delegates may return by steamer, going up the coast and connecting with the transcontinental roads. They will cost \$6.50 instead of \$7.50. This includes meals and berth on the steamer.

BEST NONE TOO GOOD

M. W. A. Janesville Camp Engages Suitable Quarters for DeKalb Picnic.

Arrangements for the accommodation of the crowd from this city who are to attend the Woodman's picnic to be held at DeKalb next month are now being perfected by W. H. Ashcraft, Jr., who is in attendance at the meeting now being held at DeKalb. Mr. Ashcraft left the city today with orders from the local camp to secure the best that was to be had regardless of expense. The special train which will leave this city in the early part of the morning will return about midnight.

ASKED HELP IN BUYING A LEG

Skeptics Inclined To Doubt Frank Howard's Hard Luck Story.

Frank Howard, a railroad man from Prairie du Chien, has been around town trying to raise enough money to buy a new leg. Howard claims that while employed by the railroad company he was run over by the cars and his left leg was cut off near the knee joint. There was no doubt that the leg was gone, but many doubted as to whether contributions would be applied to the purchase of a substitute.

HENRY JARVIS IS BADLY HURT

Fell Backward From a Freight Car and Probably Injured His Spine.

Henry Jarvis, an old soldier, is now lying seriously ill in his room on West Milwaukee street, over George Yahn's meat market. Mr. Jarvis, while unloading a car for Crossett & Bonesteel, lost his footing and fell over backwards, striking on the back of his head. It is thought the fall injured his spine. His condition during the past few days has improved but little. Members of the U. A. R. are now caring for him.

RECEPTION TO REV. DR. HODGE

Brief Addresses By Several of the Local Pastors Monday.

Rev. E. H. Pence, Rev. Frank Pease, Rev. Robert C. Denison and Rev. Dr. M. G. Hodge will give short addresses Monday evening at the farewell reception to be tendered Dr. and Mrs. M. G. Hodge at the Baptist church. After the addresses, which will be in the auditorium, there will be music and light refreshments in the church parlors.

THE ladies of Janesville have a treat in store for them, as Mrs. Dr. Melville of New York, is to discourse on a subject of vital importance to all women, on Wednesday afternoon and evening. She is a splendid speaker and comes well recommended.

TWENTY little people, members of Miss Maria Gibb's Sunday school class spent the day very delightfully in the woods about Oak Lawn hospital. They picked quantities of wild flowers for Memorial day, and at noon enjoyed a luncheon served under the trees.

MEMBERS of the Janesville Commercial Travelers' association are especially invited to hear the address by Fred H. Terry of Milwaukee at the Y. M. C. A. Sunday afternoon at 3 p. m. Mr. Terry will speak from the standpoint of a traveling man, and a cordial invitation has been extended to the Commercial Travelers' association. F. FORDWATER, Sec.

PORTY guests helped Mr. and Mrs. H. H. Bliss celebrate their first wedding anniversary last evening. There was an impromptu dance in the large auditorium at the State School for the Blind. The majority of those present made the trip on bicycles. Light refreshments were served, and excellent music was furnished by the school orchestra.

Ex-Postmaster Beckman Alleges Serious Injuries Received at the Hands of J. Cousins, and Asks For a Damage Verdict To Soothe His Feelings.

It remains for the circuit court to say how much of Henry Beckman's ear Julius Cousins bit off. Beckman asks for heavy damages, and today twelve jurors were selected to try the case, they being L. G. Hayward, L. D. Jerome, James Hastings, O. F. Clarke, G. H. Howard, Homer Paul, H. A. Finch, Adam Thorburn, Andrew Everson, F. H. Gifford, A. H. Taylor and John Pitcher.

Both plaintiff and defendant in this unusual case are well-to-do and respected farmers of the town of Newark. Beckman has been the Newark postmaster.

In June, 1895, a dance was given at the Cousins homestead. It was supposed to be a select affair. No invitations were issued but the word was quietly passed around for the farmer boys and girls to attend.

Among those who made their appearance was Henry Beckman. It is claimed that as soon as he entered the house strong objections were made to his staying. Mr. Cousins proceeded Beckman alleges, to oust him. The men are said to have clinched in the front yard and to have disputed in violent fashion. During the melee Beckman says that Cousins grabbed his right ear in his mouth and bit it entirely off.

Dr. Reed, of Beloit, who attended Cousins testified in court this morning and was one of the important witnesses.

The case was adjourned this noon. Smith & Pierce are appearing for the plaintiff, while Sutherland & Nolan and Silas Merz represent the interests of the defendant.

Local Agent Receives Word That Infringements Will Be Prosecuted.

The following letter was received this morning by Al. Smith, agent for the original Allegretti chocolate creams, which is self explanatory:

Dear Sir—As the court decreed, Friday May 21, 1897, to grant us an injunction to restrain Allegretti & Co. of using our name in the sale of chocolate creams, we desire you to send us the names and addresses of the people in your city that are selling (so called) Allegretti chocolate creams, so that we can notify and compel them to take down such signs or suffer the penalty of the law.

We shall mail shortly to each of our customers a copy of the decree of the court. Yours truly, ALLEGRETTI CHOCOLATE CREAM CO.

In all probability the different signs exhibited about town will be taken down next week in accordance with the above decision.

HIS EAR BITTEN OFF AND HE WANTS PAY

NOVEL COTILLION FIGURE AT
NEWARK DANCE.

Ex-Postmaster Beckman Alleges Serious Injuries Received at the Hands of J. Cousins, and Asks For a Damage Verdict To Soothe His Feelings.

It remains for the circuit court to say how much of Henry Beckman's ear Julius Cousins bit off. Beckman asks for heavy damages, and today twelve jurors were selected to try the case, they being L. G. Hayward, L. D. Jerome, James Hastings, O. F. Clarke, G. H. Howard, Homer Paul, H. A. Finch, Adam Thorburn, Andrew Everson, F. H. Gifford, A. H. Taylor and John Pitcher.

Both plaintiff and defendant in this unusual case are well-to-do and respected farmers of the town of Newark. Beckman has been the Newark postmaster.

In June, 1895, a dance was given at the Cousins homestead. It was supposed to be a select affair. No invitations were issued but the word was quietly passed around for the farmer boys and girls to attend.

Among those who made their appearance was Henry Beckman. It is claimed that as soon as he entered the house strong objections were made to his staying. Mr. Cousins proceeded Beckman alleges, to oust him. The men are said to have clinched in the front yard and to have disputed in violent fashion. During the melee Beckman says that Cousins grabbed his right ear in his mouth and bit it entirely off.

Dr. Reed, of Beloit, who attended Cousins testified in court this morning and was one of the important witnesses.

The case was adjourned this noon. Smith & Pierce are appearing for the plaintiff, while Sutherland & Nolan and Silas Merz represent the interests of the defendant.

"CELLAR FLOOR, \$100," SOUNDS TOO HIGH

COLLINS-PARKER CASE WAS
DECIDED TODAY.

Sealed Verdict Opened and Found To Be in Favor of the Plaintiff—The Case Has Been Tried Once Before and Costs Have Grown with Each Contest.

If George S. Parker had settled with John H. Collins in the first place for twenty-six dollars, for putting a cement floor in the cellar at his Court street home, he would have been about a hundred dollars better off. In the circuit court this morning the sealed verdict in the case of Collins vs. Parker was opened, and the jury found for the plaintiff in the sum of \$13.50. This amount added to the costs puts the expense somewhat over the \$100 mark.

The case is one of long standing and is an appeal from the justice court, where after a lengthy trial Justice L. F. Patten found in favor of the plaintiff.

Collins laid a floor in the Parker cellar and claims that he did all that the contract called for and more. Mr. Parker refused payment on the ground that the work was not done in a satisfactory manner and that he afterwards paid James Shearer \$10 or \$15 to complete the work. This work Collins claims was not a part of his contract.

GIVES STRENGTH TO MEN

Free To All Who Are Weak And Worn

A METHOD TO CURE AND INCREASE THE POWER.

It is a remarkable fact that a man never appreciates the sufferings of others until he himself has passed through the fire of pain or remorse. Then it is that he looks around for those who are suffering; he wants them to profit by his experience; he gives his time and money gladly for the

benefit of others and never tires of his zeal. There are plenty of men weak and worn out, struggling with remorse and fear, the natural outcome of habit, that brought incapacity; a sense of loneliness and a feeling as if the best side of life had been banished forever. Such men should write to Thomas Slater, Box 494, Kalamazoo, Mich. He will send free by mail, in a plain, sealed envelope, full particulars about the method he used, and this will enable any man to get a complete cure at home. It is the method that Mr. Slater used to cure himself of the troubles that sap the strength and vigor and also enlarged his organs to natural size. The cure was complete, so satisfying and such a wonderful change from his former condition that he will gladly tell others all about it, sending all particulars. He figures that he doesn't know of a better way to show his appreciation of his own cure and sufferings of others. There must be generous men in this world to set the tide of avarice. Write to Mr. Slater—it will cost nothing for his description and method.

Fell to the Floor.

HIS LEGS SUDDENLY GAVE OUT.

Thomas P. Bigg, of Cleveland, Stricken as He was Preparing for a Visit to Friends.

From the Leader, Cleveland, Ohio.

Of the list of the many so-called incurable disorders none has proved to be more of an enigma to the most learned and accomplished physicians than locomotor ataxia, or as it is more commonly known, creeping paralysis. This dread disease has baffled their skill, and they have been forced to admit that they cannot successfully cope with it. All they have been able to do is to mitigate the accompanying pain and suffering, beyond this the science of medicine has been of little or no avail to the many unfortunate who have contracted the dreadful malady, which, many people, especially those who are thus afflicted, believe is a forerunner of the grim messenger of death.

Thomas P. Bigg, who lives at No. 1073 St. Clair Street, corner of Lawrence St., Cleveland, O., has been suffering from locomotor ataxia for nearly five years, and nothing but his wonderful vitality has prevented his dissolution long before this.

The malady is directly attributable to his exposure during army life. He enlisted in the Third Regiment Ohio Cavalry in Toledo, and served nineteen months in the volunteer service, and after the close of the rebellion, eighteen months in the regular army.

"At first," he said in narrating his experience, "my stomach went back on me, and for six weeks I was laid up in a hospital in Texas. Ever since that time that organ has caused me trouble, and about seven years ago the doctor told me I was suffering from acute indigestion. That was bad enough, but four years ago last July paralysis came on, and I have been using these crutches ever since. The paralysis was in my legs, and it came rather suddenly. I noticed at first that my knees were a little stiff, a sort of rheumatic pain, you know. This quickly developed into paralysis."

I tried all kinds of remedies, and I tried physicians, but I did not improve. All this

time, though, I was holding my own—wasn't getting any worse. A short time ago I was induced to try Dr. Williams' Pink Pills. I did not expect this last venture would prove any more beneficial than all the others which preceded it. But I am pleased to say I was most agreeably disappointed. Dr. Williams' Pills are simply wonderful. I began to use them two months ago. My legs then were perfectly numb and cold—nothing could warm them. After suffering with paralysis for more than four years, I now experience a comforting feeling of warmth in my lower limbs. I tell you I feel like shouting when I think of escaping from my bondage, and my mind is on the subject pretty much of the time. I intend to continue the use of the pills until my legs are as good and useful as they were in their best days, and I feel that will be soon.

"What effect have the pills had upon your stomach?" Mr. Bigg was asked, "as regards that?" said he "you can readily believe that a stomach which has been seriously out of order for thirty-five years is in bad shape. Nothing used to stay on my stomach, and I was subject to violent fits of hiccupping. Then I would have to take an opiate to get to sleep. But now I find that food stays on my stomach, though I do not suppose that organ will ever be in first-class shape again. Still I am satisfied to think that it is improved to such a degree, and that I can eat with a feeling of ease."

For six years until a month ago, October, 1896, Mr. Bigg kept a stationery and confectionery store at No. 347 East Madison Ave., directly opposite the Madison Ave. School. He sold out his business and can now be found at any time at No. 1073 St. Clair St.

Pink Pills are sold by all dealers, or will be sent post paid on receipt of price, 50 cents a box, or six boxes for \$2.50 (they are never sold in bulk or by the 100) by addressing Dr. Williams' Medicine Co., Schenectady, N. Y.
